NEW BUILD CONSTRUCTION

We are delighted that Department for Education has awarded Bells Contracts for the Glenwood Build. This has been a very long process getting to this point, but construction is due to start early 2026. During phase 1 of the build children will be using the playground behind school for break & lunch. The large playground and the area in front of school will be cordoned off.

Children will enter by the same doors in the morning at this stage, but they will only be accessible via the path in front of school and the steps beside the tunnel.

More details of how we will access school once the build commences will be with you in the new year.
