WORK ON SITE

Work is now underway on site for our new school. The ramp access from the Shankill entrance is no longer available. Those who can't come in via the steps will need to access the school through the entrance at Upper Riga Street.

Very soon we will also have limited access to the playground in front of school. The children will need to access the morning doors via the path directly in front of school, when coming in via Upper Riga Street. To ease congestion please encourage as many children as possible to walk independently along the path. Thank you.
